Public Announcement

Department of Treasury and Accounts, Ministry of Finance in collaboration with GovTech agency signed the contract with a Joint Venture of Linpico SARL, PFM Smart Systems and NGN Technologies for the design, development, implementation, warranty & maintenance support for Integrated Financial Management Information System (IFMIS) for Royal Government of Bhutan.

The IFMIS will replace existing PFM systems such as MYRB, e-PEMS, and FinDoc. It will also enable advanced interoperability with other key government systems, including ZEST, eGP, GIMS, and BITS, allowing seamless two-way data exchange and enabling transactions to be initiated and processed both within IFMIS and across the respective external systems.

The IFMIS development contract implemented under the public financial management transformation project is funded by the European Union and co-financed by the Royal Government of Bhutan.
