NOTIFICATION

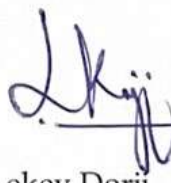

The Ministry of Finance is pleased to notify the adoption and implementation of the **Green Financing Taxonomy 2026 (GFT 2026)** as the national framework for identifying, classifying and supporting the financing of economic activities and investments that contribute to Bhutan's climate, environmental and sustainable development objectives.

The GFT 2026 builds upon the GFT 2024 and incorporates the outcomes of a comprehensive review, stakeholder consultations, technical validation and subsequent refinement undertaken with the support of the Asian Development Bank (ADB) and in collaboration with the Royal Monetary Authority (RMA) and relevant government and non-government stakeholders.

This Notification shall take effect from 1st September 2026, upon which the GFT 2024 shall cease to apply as the prevailing national taxonomy and shall be superseded by the GFT 2026.

All relevant ministries, agencies, financial institutions, development partners, project developers and other stakeholders are requested to take the necessary measures to facilitate the effective and consistent implementation of the Green Financing Taxonomy 2026.

The **Green Financing Taxonomy 2026** is hereby issued as the principal reference document for implementation.
